Hi Jin,

Thanks, as always, for sharing this with us. Sorry to have taken all week to reply to you. Our comments are attached and they are quite similar to our comments on the other plans.

I don't know what Calaveras County's timeline is for public notice, but we are happy to take a look at the next draft, too.

Regarding public notice, Clean Air Act Section 110 says that each state shall submit a plan "after reasonable notice and public hearing" and we have generally interpreted that as requiring notification in a newspaper with general circulation. Are there any such newspapers in Calaveras County?

Of course, if there are any state or local public notice requirements that apply, they should be sure to follow those, too.

Thank you again and feel free to call me if you want to discuss anything further.

Best,
Panah

Subject: FW: Calaveras Draft O3 plan

Hi Panah, Noah, and Rory,

Here is the draft EEP from Calaveras County Air Pollution Control District. Please let us know if you have any comments/edits. It will be great if you can send us your comments next week. If needed, we can set up a call to discuss it as well.

The District also has a question about the requirements for public review. They are wondering if it is OK for them to just post the EEP on their website for the 30-day public comment period? Are they required to post on local newspapers and/or print out hard copies and make them available to the public?

Thanks,
Jin

Jin,

Attached is Calaveras County Air Pollution Control District Emergency Episode draft. They would like our feedback on this draft before they post it for public comment and bring it to the Board.
